Testimonial

MARK THOMAS
CUSTOMER

“

While some smartwatches exist purely to track your fitness and mirror your notifications, many of the top-tier smartwatches have far more interaction such as the ability to receive and reply to text messages. As someone who's always in and out of meetings, I love the ability to quickly respond to important messages on the sly, without having to get my phone out. That's why I've spent countless hours researching which smartwatches allow you to send text messages, and I've shared these recommendations below.

ALINA HANS
CUSTOMER

“

Our top pick is the Samsung Galaxy Watch 3 which comes with their messages app preinstalled, allowing you to view all of your text messages and respond to them using your voice, by handwriting on the screen, or with an emoji. There's also support for responding to messages from third-party apps such as WhatsApp and Hangouts. The Galaxy Watch 3 is a great all-rounder, but its not for everyone. As well as GPS and heart rate monitoring found in the previous generation, the Galaxy Watch 3 also has enhanced sleep tracking.

Funkcionalnost odradjena preko jQuery I JavaScripta, kada se prilikom odabira jedne od opcija iz ponudjene padajuće liste, sortira pretragu satova na osnovu zeljenih kriterijuma. Koristeci dogadjaj onChange, da se prilikom promene vrednosti unutar value atributa padajuće liste, menja I prikazani sadrzaj blokova po zadatom kriterijumu. Koristio sam metod sort(), za sortiranje po nazivima tako da uzimajuci dva naziva kao parametre funkcije poredim njihove vrednosti. Ukoliko bi naziv A imao vecu vrednost od naziva B vratice -1, ukoliko su jednaki 0, a ukoliko je naziv veci vratice vrednost 1 stavice je na 'kraj zamisljene x ordinate'. Po ceni je soritrano tako da, dohvatim ceo blok preko jQuery-ja, I preko metode find() pronadjem span tag sa klasom .price I sortiram preko istoimene metode.

      About Me
    </h2>
  </div>
  <p>
    Greetings everyone! My name is Vladimir Lobanov and i am
    the only
      author of this website. I am student of ICT college, 2nd
    year.
      I found my passion in creating websites and learning
    new possibilities
      after taking short course on Web design, so decided to
    dig deeper and
      learn a lot more cool stuff. I have experience working
    in MS Office package,
      as well in HTML,HTML5,CSS3 and MySQL DBMS. I enjoy my
    free time in reading
      news and different forums on tech-trends, playing
    video games and reading
      about political topics. My biggest joy is to sit,
    turn on the music, relax
      and drink coffee in a cozy space while
    coding. :D</br>
